

After.....days, return to

CALLAWAY, FLA.

Mr. G. M. West,

Panama City,  
Fla.

Saturday  
Dec. 19. 1908.

My Dearest One:—

It is just day-break, and while every thing is so still and peaceful, may I just tell you something.

Of course I read all my last letters last night and found that you did write me another typewritten letter, but it was dated Friday - and mailed I notice now, on Saturday - I wonder if this is not the one we thought was lost - ? I notice that it is not postally stamped at all. only Parker & Callaway. Oh my Darling, how I wished Bob. M. G. had been in Africa yesterday, but you are so extremely popular, it is a wonder if I get to

Talk with you five minutes.

I've planned lots of work, real work too, for me today - but I so much want my Callaway home in good shape again (and after Xmas, I'll be busy in another way). Oh, you can't know, now, how I enjoy your business ideas, just as I like it by a man, be a man in - My future looks so bright and happy - and you, I fear, are the ~~sole~~ cause -

I will write up my "East Bay Cabal" article to this P.M. and Oh, how I wish I could bring it down tomorrow, but can not I suppose.

Over yours  
William.
